Description	Why do you need a latch on that door? No door with push handle should have a latch...
Priority	Keep it on the list
Due	2026-08-10

Remarks	The latch on the Casa I classroom door is positioned too close to the door frame, which prevents the door from closing properly when the latch is used. Could you please move the latch farther away from the door frame so that the door can close and latch properly? Completion Update (2026-08-12 20:37:14): ya esta bien
