Repair Request #7854

ID	#7854
Kind	Repair
Campus	Fort
Requester	Emily Guerrero
Description	The cart used to transport the beds is having an issue with the wheels. The wheels are getting stuck and making it difficult to move the cart smoothly. We are not sure if the wheels are too tight or if they may need to be lubricated, but we would appreciate help getting the wheels checked and fixed so the cart can move properly. The wheels on the left-hand side are the main ones causing the issue. The beds will be left outside of the classroom so the cart can be easily located.
Priority	Keep it on the list
